

SPEAKER KIT

Huzaifah Punjani

Founder & CEO, Robo Call Pakistan
Founder, Punjani Inc
FAST-NUCES Computer Science · former Data Scientist, Afiniti

Book: hmhp.me/speaker-kit

Short bio

Huzaifah Punjani is the Founder & CEO of Robo Call Pakistan, an AI voice and messaging automation platform used by Pakistani businesses for COD order confirmation, alerts and customer engagement. He also leads Punjani Inc, the company behind Robo Call, RoboConnect, Robo SMS and Robo Alert, and has built and scaled e-commerce brands including KIHO Store and CPS. A FAST-NUCES Computer Science graduate and former Data Scientist at Afiniti, he speaks about AI, data science careers, SaaS and e-commerce automation.

Talk topics

From Data to Decisions

How data science and machine learning shape business decisions and future careers.

Building SaaS from Pakistan

From a data science job to launching communication products used by Pakistani businesses.

COD, RTO & e-commerce automation

Cutting fake orders and returns with order confirmation, address validation and smart workflows.

From Coding Skills to Income

Freelancing, finding clients and turning technical skills into products.

Formats

Keynote (20-40 min) · Workshop (60-120 min) · Panel · Fireside chat · Podcast
In person in Karachi, or online · English or Urdu
